REMARKS

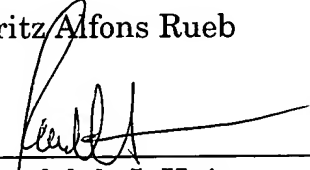

Claims 1-14 are currently pending in this application. The claims have been amended in order to remove improper multiple dependencies and to address a few minor informalities. No new matter has been added to the application by these amendments.

Applicant also notes that the translation of the international application was modified in order to insert the proper headings for the U.S. and to include paragraph numbering. A substitute specification including a clean version of the amended claims is also attached for publication purposes.

Prompt examination of the application is respectfully requested.

Respectfully submitted,

Fritz Alfons Rueb
